

DEC. 2021

Fishing has been a bit slow, for our family, but apparently that's because we don't know enough. Mr. Stanton doesn't seem to have a problem in that regard, nor have others.

I've been hearing rumors of some interesting trips from some of our members, and I hope we will be hearing more about them at our next monthly meeting, which is also our Christmas shindig. It's coming up quickly and I am sure Dick will have all the details in the announcement section. There will be no fly-tying session this month, but we hope to resume that next month.

Have you ever heard of "roast Perry"? We wanted to honor our own Mr. Kelly who is leaving us for the eastern wilds, and our opportunity to do so was today. Photos, anecdotes (the fancy name for fishing stories) were on the menu.

Hope to see you all next Tuesday, and that you are all well and enjoying the wonderful opportunities to chase fish that are all around us

The dock is finally finished with the installation of a ramp between the dock and the stairs. The step isn't as high as it looks in the picture.
