PRESIDENT'S MESSAGE

President Bruce has been a little under the weather lately, so I took in on myself to go ahead and send a short message regarding what was decided at the board meeting last night (Tuesday, Jan. 4).

First, we have asked Al Sillonis to give his yearly fishing report. This has always been a good pulse of the fishing for the year—where it's good, what's working and what fish are being caught. As some of you know, Al keeps a very detailed record of his fishing activity for the year and frequently submit pictures and descriptions of his endeavors. I am sure if you ask questions as he gives his report, he will be more than happy to answer them.

The board also agreed to change the location of the Thursday Breakfast to Los Chipeños Restaurant on State St. (See next page for detail.)

Ray Perkins will lead the fly tying workshop at the Weiser Library a week from Tuesday. I don't think he has made up his mind as to what to tie, so he will be looking for suggestions at the membership meeting next Tuesday. If you would like to see a particular fly tied, be sure to let him know at the meeting.

Ray also suggested that we make sure you know of the Fly Tying Expo this week end. See below.

That is all I can think of for now. Hope to see you at the meeting next week.

Dick Garrett

PS. If there are errors above, blame Bruce.

The Thursday (previously Wednesday) Breakfast Fishers Club will meet for breakfast at the Los Chipeños Mexican-American Grill. This restaurant is next door to K-Hardware on State Street in Weiser.

As you may know, years ago several fishermen from IHFF decided to get together once a week to outline fishing plans and strategies for the coming week. It continues on during the winter to discuss whatever fishing is available. Actually it is just a weekly get together much of the time.

Anyway, everyone is invited to check out the latest attempt to provide breakfast to those in need. (It's really not a club. I just made that up.)

Al's 2021 Fishing Report

HO! HO! HO! Merry Christmas & A Happy and Prosperous 2022 from the Crazy Man!

I know you have all been waiting. So here it is. The annual FISHING REPORT! My records are from Dec. 1, 2020 to Nov. 30, 2021

I fished 55 days and caught 886 fish which averaged 16 per day. I got skunked 4 days. Drove my pickup 8,439 miles. I also rode with other people a few times. I fished by myself 39 days. I like my own company. I fished 16 different locations and with 8 other people. I caught 9 species of fish. Small mouth and rainbow made up 82%.

574 fish were caught on a fly rod for 65%. 373 small mouth bass - 42% with some on flies but most on plastic. 356 rainbows - 40% all on flies. I caught 2 fish on bait.

Going through 14 years of my fishing journals, I have found that I catch very few fish in December, January, February and March, so I spent more time doing jigsaw puzzles than fishing. Besides, it's cold out there. This year we did 60 puzzles, mostly 1,000 piece ones. 53,000 total pieces.

Now with my fishing and our puzzles is that not Crazy!
